

Exclusive Northern Beaches Businesses Power Purchase Agreement Electricity Offer

We understand that the rising cost of electricity can be a burden on your business. Iberdrola is excited to offer a 100% renewable electricity deal exclusively to Northern Beaches businesses to help reduce power prices and support the development of renewable energy.

The greater the number of participating businesses, the deeper the discount and the better the terms we can achieve.

The first 100 registrations that successfully complete a counter-signed electricity contract will receive \$100 Westfield voucher* (conditions apply)

Iberdrola, world leader in renewable energy

The Iberdrola Group **started investing in renewable energy** more than two decades ago as the foundation on which to build its clean, reliable and smart business model. Thanks to this acumen, **the company is today a world leader in renewable energy, with 41,250 MW of operational renewables** by the end of the first half of 2023 and with 7,100 MW under construction, and on the cutting edge of the energy transition towards a low-emissions economy.
